*Mattresses will be charged \$25 each

Material must be level at the top of the dumpster; nothing can be sticking out of the top.

Additional requirements may apply based upon locality.

The liability for appropriate waste remains with the customer as agreed to in the terms and conditions when contracting with RecycleSmart Solutions Inc. DBA Bin Rental Canada.

Special Note Regarding Drywall: Drywall must either have a visible date stamp or be tested for asbestos in Metro Vancouver. The best practice is to not mix drywall with your general waste bin but to use a dedicated drywall bin.

If you have drywall please call our customer service line and we will find the best solution for your project.

If you have any questions about what can be placed in the bin please do not hesitate to contact us at sales@binrentalcanada.com or call 1-855-333-2467.
